WHAT IS A World Cruise?

- » It is an extended cruise that visits dozens of ports in global destinations.
- » It may be a full trip around the world or focus on certain continents (at least 3).
- » The most popular World Cruises last approximately 3 to 6 months. Itineraries are designed to include more overnight port calls and late night stays in key destinations.
- » World Cruises are often designed to visit ports where UNESCO World Heritage sites are accessible, such as the Sydney Opera House, the Taj Mahal or other sought-after destinations.

World Cruise

1. Visit multiple destinations and scores of countries on one well-orchestrated vacation.
2. Experience a vast number of intriguing cultures.
3. Go around the world, often without a single international flight.
4. Guests unpack just once – and enjoy the same (or better) home away from home accommodations, creature comforts and incredible service.
5. Travel in the company of interesting people and forge lifelong friendships.
6. Escape the winter weather. Most World Cruises depart in January and return in the spring.
7. It's the ultimate learning experience. Think of a World Cruise as a very sophisticated "semester at sea."

WHY WORLD CRUISERS KEEP RETURNING

DESIRE TO SEE THE WORLD

Each year there is a new itinerary, providing ample things to see and do for new and returning guests.

THEY'VE BUILT STRONG FRIENDSHIPS

These friends may be fellow passengers or people they've met in ports around the globe. It's a great way to reunite.

IT'S A SEASONAL TRADITION

It's an alternative to having a winter home, or simply has become a welcome change from the routine.

“On longer voyages, you are not a tourist, but a traveler.”

WHAT TRAVELERS
SHOULD CONSIDER

Australia

CONSIDER

Ship Size

Cruise ship size can greatly impact your World Cruise experience. Smaller ships equate to a more intimate sailing experience and can slip into more secluded ports, often docking in the heart of a city. Larger ships provide more onboard activities and entertainment.

Smaller Ships • Under 900 Guests

- » Oceania Cruises
- » Regent Seven Seas Cruises®
- » Seabourn
- » Silversea

Larger Ships • Over 900 Guests

- » Crystal Cruises
- » Cunard
- » Holland America Line
- » Princess Cruises
- » Viking Ocean Cruises

For More Information, Call 888-996-2820 or Visit [CruiseSpecialists.com](https://www.CruiseSpecialists.com)

Types of Fares

World Cruise fares range from completely all-inclusive to a more traditional fare, with some cruise lines ranging in between. This can lead to a difference of thousands of dollars in what your reservation costs but also lead to a vastly different onboard experience, in terms of what you pay for once on board. Your World Cruise consultant can help you analyze the differences.

All-Inclusive Fares May Include:

- » **FREE** roundtrip air (sometimes first class)
- » **FREE** pre-cruise luxury hotel
- » **FREE** shore excursions
- » **FREE** specialty restaurants
- » **FREE** unlimited beverages, including fine wines and premium spirits
- » **FREE** pre-paid gratuities
- » **FREE** transfers between airport and ship

Traditional Fares:

- » A more affordable base entry onto the World Cruise.
- » Guests decide as they go what they feel is important, such as shore excursions, specialty restaurants or spa services.
- » Gratuities are customary at the end of the cruise; a World Cruise consultant can provide guidelines to guests.

Visas, Insurance & Inoculations

A World Cruise is a commitment of time and money. That's why you want to make sure you have the proper documents needed to travel and take precautions to ensure your trip goes off without a hitch.

Visas

- » Visa requirements for a World Cruise will vary depending on the guest's nationality and the destinations on the itinerary.
- » Each visa may take several weeks to acquire. There may also be a fee associated with the process.

Inoculations

- » A travel clinic can recommend precautions and immunizations to help you stay healthy and avoid illnesses specific to regions you may be visiting.
- » It's also important to plan ahead for any current medications you are on, to ensure you have the proper amount for your trip.

Insurance

Travel insurance is the number one way to protect your travel investment. There are a variety of types, and you will want to select the one that best fits with any risk factors as well as your general desire to have all of your bases covered while traveling.

- » Trip Cancellation
- » Medical Emergencies
- » Travel Delays
- » Lost Luggage
- » Emergency Services

CONSIDER

SHORE TOUR

PROGRAMS

Shore tours allow you to visit a destination more in depth. It may be a relaxing trip to the beach, a wine tasting with sweeping views of the vineyard, a guided tour of a medieval castle, or any number of other options that bring the destination to life.

When you select a shore tour (also known as a shore excursion), aside from having a great experience, you want the peace of mind knowing you are working with a reliable tour operator and that you will return to the ship on time. For that reason, it is very important to select shore excursions that are recommended and booked by a knowledgeable cruise consultant.
